ABOUT PETFINDER.COM

Petfinder.com is a searchable database of homeless pets. Featuring adoptable pets from over 11,000 shelters, it is the busiest in animal welfare and one of the most successful sites on the Internet.

Petfinder allows potential adopters to "meet" shelter pets from the comfort of their own homes. Visitors enter criteria, such as age, size, breed, location and gender, and Petfinder returns a pet list with photos and descriptions ranked by distance. Shelter members of Petfinder often report that their adoptions more than double after joining the free service.

Petfinder was recognized as one of the top 300 sites by *Forbes* magazine. *FamilyPC* ranks Petfinder in the top 100 family sites.
